2/19 Wednesday morning is too full for me with things I can't change. Would our normal time, 2:00 that Wednesday (19th) or even a bit earlier at 1:00 also be good for all of you?

When enough folks reply for any case I will revise the invite. Thanks.

I need to reschedule our coordination meeting from Tuesday Feb 19th at 2 pm, to Wednesday (the next day), due to (b) (6). I'm open @ 10 Wed Feb 20th, if others are also available I would like to propose this one time only schedule change. If that time and date does not work, let me know what does.

Thanks

Ravi
